

Mathias Wouters

Cloud & Cyber Security Student

About Me

Hey there, I'm Mathias Wouters, a 21-year-old currently diving into the world of Cloud and Cyber Security. People would describe me as approachable, sociable, and someone who keeps their cool in challenging situations. I'm fueled by a sense of responsibility and a drive to achieve.

Outside of the tech realm, I enjoy immersing myself in a good book, exploring the latest in technology trends, and always seeking new discoveries. I thrive on the excitement of broadening my horizons and am continually eager to learn and grow.

Work Experience

2023 – Present

Get Driven

Job student: Private Driver

As a private chauffeur at Get Driven in Belgium, I drove to diverse destinations in luxurious cars, interacting with clients such as business professionals and celebrities. The role's flexibility allowed for a balanced schedule, enhancing my driving skills in a dynamic work environment.

2017 – 2023

Colruyt

Job student: Shop Assistant

Responsibilities included cashier duties, restocking shelves, and maintaining store cleanliness. Developed strong multitasking, communication, and teamwork skills in a fast-paced retail environment, emphasizing attention to detail and commitment to excellent customer service.
